Sulong EduKalidad campaign

Meanwhile, DepEd has recently launched its *Sulong EduKalidad* campaign aimed at addressing the challenge in quality of basic education. This initiative is in response to the rapidly changing learning environment of present and future learners and will introduce aggressive reforms to globalize the quality of basic education in the Philippines.

"We always remind ourselves that our constitutional mandate to provide every Filipino not only access to education but to basic quality education. We have realized that we are facing the reality that we still have much to do in responding to the constitutional mandate as far as quality education is concerned," the Education chief explained during the launch.
