**ACCOMPLISHMENT OF ONLINE SURVEY FORMS FOR THE FEASIBILITY STUDY
ON THE RE-OPENING OF MARITIME PROGRAMS AT THE BILIRAN PROVINCE STATE
UNIVERSITY**

Attached is a communication letter from Dr. Victor C. Cañez, President, Biliran Province State University, Naval, Biliran, requesting the accomplishment of the online survey forms for the feasibility study on the re-opening of the maritime programs in the said institution which can be accessed at <https://forms.gle/LmiZSzAzWgT5r3vJ9> not later than May 7, 2021.

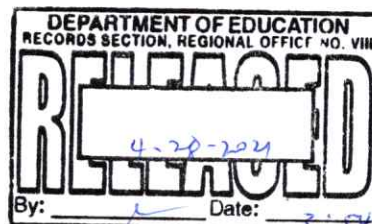

The target participants are the Senior High School learners from both public and private secondary schools.

More information may be inquired from:

Dr. Victor C. Cañez
President
Biliran Province State University
Tel. No.: (053) 507-0014
Email Add.: www.bipsu.edu.ph

Considering that this is an Advisory, Schools Division Superintendents are given the discretion to act on this matter.

 Regional Director
 DepEd-Regional Office VIII
 Candahug, Palo, Leyte

Dear RD Ledesma:

Greetings!

Biliran Province State University (BiPSU) is the lone higher education institution (HEI) in Biliran. It aims to lead in research and innovation for human empowerment and societal development. With this vision, we strive to offer degree programs that are demand-driven and industry-responsive.

Currently, the university offers 32 programs in various disciplines, contributing to the pool of professionals in both national and international arena. Its Maritime programs have been in the forefront of its success as well as history as a university having produced several graduates over the years. Unfortunately, its Maritime programs have been put on a stand still since its closure last 2017. Because of the negative socio-economic impacts of this closure to the province and even the region with BiPSU being one of only two institutions in Eastern Visayas to offer such programs, the university is now moving toward reopening the Maritime programs.

One of the requirements is the feasibility study to assess the demand and supply of the Maritime programs. As such, we would like to ask your assistance in the conduct of the survey in evaluating the demand of incoming senior high school students, who will take up the programs we plan to reopen. Rest assured that the data provided will be processed for this feasibility study only. Further, results will be aggregated and individual responses will not be reflected. The survey is administered through the Google form platform. You may access the link at <https://forms.gle/LmiZSzAzWqT5r3vJ9>.

Your affirmative response on this request is deeply appreciated. Thank you and keep safe.

Sincerely yours,

VICTOR C. CAÑEZO, JR., EdD
 President
