Dear Director Ledesma,

Greetings!

There are reports reaching our Office that several of Schools Division in your Region are not releasing the mandated benefits of your health workers eg. hazard pay, subsistence allowance and other benefits due them. Upon verification, some Schools Divisions has unobligated transactions way back December 2020. Please be reminded that under the "We Heal as One Act" all releases from the central office that are due to our health workers must be dispense judiciously and unimpeded.

We will request the Commission on Audit to conduct a thorough accounting of these funds in each Schools Division and submitted findings to these offices for proper dispensation.

Thank you and best regards.
