WORKSHOP ON STATISTICAL ANALYSIS USING R

Attached is an email from Strategic One Business Management Consultancy Firm (STRAT One), announcing the conduct of the Workshop on Statistical Analysis Using R on September 11, 18, and 25, 2021 via Zoom.

For more information relative to the said training workshop, you may refer to the attached communication.

Participation of both public and private schools shall be subject to the *no-disruption-of-classes policy* stipulated in DepEd Order No. 9, s. 2005 entitled *Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith*.

Considering that this is an Advisory, Schools Division Superintendents are given the discretion to act on this matter.

INVITATION FOR INTRODUCTION TO STATISTICAL ANALYSIS USING R September 11, 18 & 25, 2021

Data Science and Research Webinars (STRATOne) <datascience2@strat-onephils.com> Fri, Jun 18, 2021 at 8:19 AM
To: "Office of the Regional Director Ma. Gemma Mercado Ledesma" <region8@deped.gov.ph>

SUBJECT: INVITATION FOR STATISTICAL ANALYSIS USING R

Good day!

R is being used worldwide. It is used in almost every industry, ranging from finance, banking to medicine and manufacturing. Many international and national companies are adopting the use of R to cater to their data/statistical analysis requirement. Hence, we must learn how to use and understand the basics of R language since it has become ubiquitous in research and management.

R plays a significant role in Data Science. It is excellent for visualization and has far more capabilities as compared to other tools. For data-driven businesses, the lack of Data Scientists is a considerable concern. Companies are using R programming as their core platform and are recruiting trained R programmers. Hence, STRAT One is inviting you to attend our training-workshop titled: **Statistical Analysis using R on September 11, 18 & 25, 2021 via Zoom (minimum of 7 hours daily)**.

The registration fee is P3000.00, including 12% VAT, digital handouts, datasets, installer of R, digital certificates (of participation, completion, and attendance), recording of the webinar, and the learning experience.

In connection to this, we would like to invite your faculties to attend our upcoming virtual training.

The objectives of the training-workshop are the following:

- *Understand how each statistical analysis works, such as the assumption and data requirements.
- *Learn how to run the statistical analysis using R.
- *Identify the right statistical tool for a specific business or research problem.

The methodology of the training-workshop is to discuss the theoretical background and the purpose of the statistical test. In the next few days, participants will engage in an extensive workshop using R.

START One has been operating for a year now, catering to the market research and training requirements of BPOs, various government agencies, and academic institutions here in the country. The STRAT One (Strategic One Business Management Consultancy Firm) is an emerging business that provides world-class webinars, training, seminar, and conferences at an affordable price for the market. We believe that learning management, marketing, business strategy, data science, and research should be affordable (the Philippines) to emerge as a leading business destination in the ASEAN. Moreover, STRAT One aims to democratize analytics here in the Philippines.

Since the last quarter of 2019, CHED temporarily stopped the issuance of CHED endorsements. Hence, our fees are aligned to the DBM memorandum on National Budget Circular no. 563 series of 2016.
