QUARTERLY SUBMISSION OF TEST ITEMS PER LEARNING AREA ACROSS GRADE LEVELS TO SUPPORT THE DEVELOPMENT OF A QUARTERLY REGIONAL UNIFIED SUMMATIVE TEST

To: Schools Division Superintendents
Public Elementary and Secondary School Heads
All Others Concerned

1. To realize the objective of adopting a Quarterly Regional Unified Summative Test, this Office, through the Curriculum and Learning Management Division (CLMD), requires all the Schools Division Offices (SDOs) to craft and submit a three-item multiple choice test for every identified Most Essential Learning Competency (MELC) per learning area across grade levels starting the First Quarter of the current School Year.
2. The three test items must be based on the Most Essential Learning Competencies (MELCs) covered within a specific quarter and must consist of the following types of questions: easy, moderate, and difficult.
3. These items must undergo the necessary development and validation process by a team of experts who shall ensure that the same are quality-assured and are also free from social, cultural, gender, and violations prior to their submission to the Regional Office. Further, the test items must not be copied from the Self-learning Modules (SLMs) and other existing test materials
4. In addition, an answer key should also be provided for the developed items to serve as a feedback mechanism should the said items are included in the actual test.
5. For easy and systematic accomplishment of this task, the concerned development teams are advised to adopt the template reflected in Enclosure A.
6. Once the items are submitted, the Learning Area Focal Persons shall select, validate, or enhance the final items that would be included in the Quarterly Regional Summative Test if needed.

7. Each SDO shall submit the said test items based on this schedule:

1	November 16, 2021
