**ROBOTICS CAMP AND CODING COMPETITION**

Attached is a letter from the Data Science and Technology Corporation, announcing the conduct of the Robotics Camp and Coding Competition (R3C) on February 26, 2022.

Participation of both public and private schools shall be subject to the *no-disruption-of-classes policy* stipulated in DepEd Order No. 9, s. 2005 entitled *Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith*.

For more information, refer to the attachment.

Considering that this is an Advisory, Schools Division Superintendents are given the discretion to act on this matter.

# {R3C} ROBOTICS CODING CAMP AND COMPETITION 2022

000145

January 6, 2022

**Dr. EVELYN R. FETALVERO, CESO IV**  
Regional Director  
DepEd Region 8  
Gov't Center, Candahug, Palo Leyte

Dear Dr. Fetalvero:

On behalf of the Philippine Robotics Team, with the support of the Data Science and Technology Corporation, we are pleased to invite your students and coaches to take part in the upcoming ROBOTICS CAMP AND CODING COMPETITION (R3C), wherein the competition proper will take place on February 26, 2022.

The R3C event is an online robotics event designed to achieve the following:

- 1) Foster the development of computational thinking and programming abilities.
- 2) Encourage the development of core STEM skills such as problem solving, planning, and mathematical reasoning.
- 3) Equip the participants with the skill set that will aid them in their academic endeavors

Participants may opt to participate in both the camp and the competition, or they can choose to participate in either the camp or the competition only. The mechanics of the camp and competition, including age groups, costs, and the dates of the camp and competition, are covered and given in the poster attached. Details on how to register are also accessible by clicking on the following link: <https://tinyurl.com/coderobotcamp>

In addition to the above, we are delighted to provide a free complimentary training session for those competitors from public schools who would want to skip the camp and only register for the contest itself. The free R3C preparation training for public school registrants will be held on February 12, 2022.

For any inquiries or clarifications about the coding event, please feel free to get in touch with the organizer via email at [philippineroboticsteam@gmail.com](mailto:philippineroboticsteam@gmail.com) or send a PM via <https://tinyurl.com/R3Crobot>.

We hope to receive your favorable response and participation. Stay safe and let's have fun coding online. Thank you.

Sincerely,

**Pinky B. Legaspi**  
R3C Overall Chair / Vice President - Data Science and Technology Corporation  
National Partner Organizer - International Robot Olympiad &  
Federation of International Robot Sports Association
