REGIONAL MEMORANDUM

No. **101**, s. 2022

**REITERATION OF STRONG SUPPORT FOR PEDIATRIC VACCINATION
AGAINST COVID-19 (AGES 5-11)**

To: Schools Division Superintendents
Division School Health and Nutrition Section Heads
All Others Concerned

- Attached is Memo No. 606 from DTFC for and approved by Secretary Leonor Magtolis Briones related to Memorandum No. 557 titled **Strong Support for Pediatric Vaccination Against COVID-19**, that DepEd shall take a more pro-active stance for pediatric vaccination (ages 12-17 years old).
- In this regard, the DTFC recommends that the same strong support be extended for the vaccination of the pediatric population aged 5-11 which is set to roll-out this February 2022.
- For more queries, you may contact the DTFC Secretariat, BLSS-SHD, through (02)8632 or email at medical.nursing@deped.gov.ph.
- Immediate and wide dissemination of this Memorandum is desired.

EVELYN R. FETALVERO, CESO IV

DepEd Task Force COVID-19
MEMORANDUM No. 606
 04 February 2022

For: **Leonor Magtolis Briones**
 Secretary

Magtolis Briones

Subject: **REITERATION OF STRONG SUPPORT FOR PEDIATRIC VACCINATION AGAINST COVID-19 (AGES 5-11)**

1009
 FEB
 1:48

The Secretary earlier approved **DepEd Task Force COVID-19 (DTFC) Memorandum No. 557** titled *Strong Support for Pediatric Vaccination Against COVID-19*, which, in line with the issuances of the DOH, provides that DepEd shall **take a more pro-active stance** for pediatric vaccination (ages 12-17 years old) than the minimum guidelines stipulated in previous issuances¹ (**Annex A**).

The DTFC, through its vaccination program representatives, continues to underscore the importance of pediatric vaccination not only as an effective strategy to eventually put an end to the COVID-19 pandemic, but also as an essential component of the ongoing efforts to accelerate the safe resumption of the face-to-face learning modality. The sooner that the spread of the virus is contained, particularly through mass vaccination, the sooner that society can go back to normal, and the more schools can resume face-to-face learning modalities.

In this regard, the DTFC recommends that **the same strong support be extended for the vaccination of the pediatric population aged 5-11** which is set to roll-out this February 2022. Upon the approval of the Secretary, the provisions of DTFC Memorandum No. 557 enumerated in Annex A shall be observed by concerned governance levels for the pediatric vaccination (aged 5-11).

For proper guidance, attached is **Department of Health Memorandum No. 2022-0041** titled *Interim Guidelines on the Management and Administration of Tozinameran COVID-19 mRNA vaccine (nucleoside-modified) [Cominarty] Pfizer COVID-19 Vaccine to Pediatric Population Ages 5-11 Years Old* (**Annex B**).

The following clarifications are also recommended/reiterated:

1. As defined in **DTFC Memorandum No. 566**², the “**voluntary participation**” of DepEd personnel in the government’s vaccination drive—especially the school health personnel who volunteer as members of the local vaccination teams—shall be understood as their “**informed consent to provide extension services.**” This is to correct any possible misinterpretation that *voluntary* participation means that their participation shall be done only outside office hours (e.g., weekends) or that they shall not be considered on official business when *volunteering* in the vaccination drive.
2. Consistent with **DepEd Memorandum No. 082, s. 2021**³, **DTFC Memorandum No. 566**, and **DTFC Memorandum No. 581**⁴:
 - a. All learners who will be vaccinated during school days shall be considered excused from attending classes, provided that they present proof of vaccination to their teachers.
 - b. Personnel who are parents/guardians of DepEd learners who will accompany their children for pediatric vaccination during workdays shall likewise not be considered absent from their work.
 - c. Alternative working arrangements may be explored for personnel of schools that will be used as pediatric vaccination sites.
3. All DepEd personnel, especially the concerned school health personnel (COVID-19 Response/Vaccination Focals, Vacc2School Champions) and the Information Officers, are enjoined to continue to initiate and support demand generation and information dissemination activities to encourage DepEd’s stakeholders to have learners aged 5-11 to get vaccinated.⁵
4. Pediatric vaccination data shall be generated through the Learner Information System (LIS), as decided upon by the Composite Team in charge of the pilot implementation of face-to-face classes.

For queries regarding this concern, please contact the DTFC Secretariat, BLSS-SHD, through (02) 8632 9935 or email at medical.nursing@deped.gov.ph.

For the Secretary’s consideration and approval. Thank you.
