Dear Director, Fetalvero:

GREETINGS!

The COVID-19 Recovery Program for Children in Multigrade Schools in the Philippines is under implementation by Fundacion Educacion Y Cooperacion – Educo in partnership with UNICEF and the Department of Education. This project aims to strengthen the capacity of multigrade schools to improve the system for quality, equitable, and inclusive education. Following the distribution of the School-In-A-Bag (SIAB) Kits to recipient schools, selected **DepEd quality-assured Learning Activity Sheets (LAS)** were enhanced and developed into a technology-based gamified version. The Multigrade Learning Resource (MGLR) application was assessed, reviewed, and approved for limited release to the 100 SIAB recipient multigrade schools from the Divisions of Samar and Northern Samar.

In this regard, we would like to officially turn-over the MGLR Application to your good office. To access, download, and install the mobile application, kindly click the link provided below:
