As the country continuously steps up efforts to transition to a new normal amid the COVID-19 pandemic and as part of the sustained management against COVID-19, the National Government, through a whole-of-government and whole-of-society approach, needs to ensure constant vaccination information drive to each and every Filipino.

In November 29, 2021, the Philippine Food and Drug Administration (FDA) issued an amendment on the Emergency Use Authorization (EUA) for administration of homologous and heterologous additional doses to eligible fully vaccinated individuals for the National COVID-19 Vaccine Deployment Program.

In this regard, the Department of Health Eastern Visayas Center for Health Development will be conducting a **Town Hall Session** entitled "**What You Need to Know about Booster Shots**" on **June 13, 2022 at 1:30 pm**. This activity will be conducted **virtually via Webex Online Meetings** with meeting link: [bit.ly/BoosterShotsFAQsEV](https://bit.ly/BoosterShotsFAQsEV). We would like to invite **all the employees** in your agency as this activity will address hesitancies and misconceptions, and increase understanding on booster shots.

For more information about the said town hall session, please contact Ms. Douna Mae M. Salazar, HPO II, at 09457521524.

Hoping for your favorable response. Thank you and stay safe!

Sincerely,

**EXUPERIA B. SABALBERINO, MD, MPH, CSEe**
