We are now preparing for the 21st year of the **PHILIPPINE ROBOTICS OLYMPIAD (PRO)**, a science, technology and educational event which aim to offer our country's promising elementary and secondary students and opportunity to expand their horizons through the exploration of robots and robotic systems in schools. Moreover, it aims to provide a host of opportunity to stimulate early design, engineering and computing skills highly relevant towards progressive education. The PRO encourages our youth to be future engineers, scientists and inventors to help our country to be technologically driven.

This year's theme: **MY ROBOT, MY FRIEND** – the open/creative category, teams have the task to develop a robot model which represents the robot as a friend and helper in the daily life of people. Teams may choose one of the three areas (1 – Robots at Home, 2 – Robots in Rescue, 3- Robots in Healthcare)

In this regard, we would like to invite **DepEd Region 8** to join us in the 21st Philippine Robotics Olympiad on September 19-23, 2022 at SM North EDSA, Quezon City

Attached herewith is the schedule for the 21st PRO and the DepEd Advisory for your reference.

The World Robot Olympiad 2022 will be held Face-to-Face at Dortmund, Germany on Nov. 17-19, 2022.

Very truly yours,

MYLENE ABIVA
PRO National Organizer
