**SUBJECT : Qualified Applicants for DOST-SEI Scholarship (Batch 3)**

**DATE : March 20, 2023**

The **Department of Science and Technology - Science Education Institute (DOST-SEI)** has been providing graduate scholarship programs for master's and doctorate degrees in science and mathematics education. Two of these are the **Capacity Building Program in Science and Mathematics Education (CBPSME)** and the **Science and Technology Regional Alliance of Universities for Inclusive National Development (STRAND)**.

The CBPSME aims to improve the quality of education and accelerate the development of a critical mass of experts in science and mathematics education, while STRAND aims to reach out to and support the Higher Education Institutions (HEIs) in the provinces that need to be strengthened in terms of developing human resource capabilities.

On July 12, 2018, the Department of Education (DepEd) signed a Memorandum of Understanding (MOU) with DOST to enable its teaching and non-teaching personnel to avail the DOST-SEI scholarship.

In this connection, DepEd reviewed and validated the list of qualified scholars based on DepEd Order 68, s. 2009 or the Scholarship and Training Grant/Fellowship Pool, which states that potential scholars must be in service for **at least five (5) years** with at least very satisfactory performance for the last two years.

The difference between their date of application, as indicated in the form submitted, and their first day of service as a permanent employee was used in determining their number of years in DepEd.

The details of qualified scholars who can file their leave on **Official Time** for the **duration of his/her scholarship** are as follows:
