Dear **RD Fetalvero**:

Greetings.

Food for the Hungry, Inc. Branch Office is embarking on an innovative project this FY '23 by introducing the full concepts and contexts of Flexible Learning Options through Alternatives Delivery Modes for both elementary and secondary education levels. Alternative delivery mode (ADM) refers to **the nontraditional education program recognized by the Department of Education (DepED) which applies** a flexible learning philosophy and Daa curricular delivery program that includes non-formal and informal sources of knowledge and skills. Through ADMs, children who do not have access to conventional formal schooling and those who are at risk of dropping out will be given options to start and/or continue formal basic education curriculum through different modalities. With the introduction of the ADMs to partner stakeholders it is targeted that access to education and other benefits shall be enjoyed by all our sponsor children.

Food for the Hungry, Inc. Branch Office will be conducting **CAPACITY BUILDING OF CORE ADM** team. This is a follow-through activity on the Orientation Cum Training on Flexible Learning Options-Alternative Delivery Modes (FLO-ADM) that we conducted last November 2022. This activity will capacitate trainers on ADM. The CORE ADM trainers shall be recognized by the Region ESSD and CLMD; by Division SGOD and CID.

In connection with this, we would like to request **3 Education Program Supervisor II** from your office to attend this said activity. This is a 3-day live-in capacity building on **April 20 – 22, 2023**. The venue will be announced in the coming days.

We thank you in advance for your continued support of FH, Inc. Should you have further queries on the activity, please feel free to contact Ms. Mariane Macalalag via email: [mmacalalag@fh.org](mailto:mmacalalag@fh.org) or [09995932057](tel:09995932057) at a time convenient for you.

Very truly yours,
