Greetings from Gokongwei Brothers Foundation (GBF)!

Gokongwei Brothers Foundation is the foundation arm of the Gokongwei Group. It is dedicated to contributing to the country's progress by focusing on uplifting STEM Education.

One of our programs in GBF is STEM Collab, an engaged Community of STEM Educators aimed to support the capacity building and competency development of its members. We offer free, bite-sized learning sessions on crowd-sourced and PPST-aligned topics. Other than this, we provide a platform for its members to actively engage in peer-to-peer learning.

As part of our response to many requests from teachers, GBF STEM Collab will launch a FREE Webinar Series entitled, "**Transforming Assessment.**" It will be geared towards designing child-centered, growth-driven assessment methods. The sessions will be **aligned with PPST Goals 1, 3, 4, 5, and 7.**

This two-part webinar series will be live streamed via the GBF Facebook Page on **June 17 and 24.** Here are more details:
