In partnership with Microsoft Philippines, this program aims to onboard empowered Filipino learners who will represent the Department of Education (DepEd) by promoting the innovative and responsible use of technology in the school and the community, provide learners with access to resources and a variety of opportunities to deepen their knowledge and practice their skills while supporting their curricular and co-curricular activities, and promote the importance of creating and maintaining a culture of digital citizenship that extends beyond the classroom and the school.

As part of the program completion, all MYA 2.0 successful applicants are required to conduct their own training to impart basic knowledge on topics like: *Microsoft 365 applications, Cybersecurity, Digital Citizenship, Servant Leadership* and *Professional Communication Skills*.
