January 03, 2024

The Principal

Dear Sir/Ma'am;

Warm Greetings from the MOL Magsaysay Maritime Academy (MMMA)! We hope this reaches you well.

Established in 2018 in our picturesque campus in Dasmariñas City, Cavite, MMMA is a joint venture of Mitsui OSK Lines of Japan and Magsaysay Maritime Corporation of the Philippines.

Many of our country's youth dream of becoming a ship captain or chief engineer for the adventure and financial stability that a maritime career offers. MMMA can help young Filipinos fulfill their dream. We offer two programs: B.S. in Marine Transportation and B.S. in Marine Engineering. Beyond academics, MMMA cadets will benefit from the following:

- World-class training. MMMA cadets are trained by seasoned seafarers and qualified educators using state-of-the-art equipment and modern facilities in an ideal learning environment. MMMA aims to graduate officers who are engaged citizens, lovers of the sea, globally competent, critical thinkers, and lifelong learners, and ready for the future. We train officers for LIFE, not just a job!
- Immersive leadership and character formation. MMMA is a boarding school where the values of discipline, excellence and service are developed in each cadet through leadership opportunities in the cadet organization, leadership challenges, and extracurricular activities. Every cadet is assigned a life coach to help the cadet achieve his or her learning objectives in leadership, academics, physical fitness, and various life skills.
- MMMA cadets are trained by leaders of the shipping industry – MOL and Magsaysay – who are committed to the success of our cadets and future alumni. Moreover, MOL and Magsaysay are employers for life – “from hire to retire.” MMMA graduates will have priority for hiring by MOL and Magsaysay.

We are now accepting applicants for admission for the academic year 2024-2025 and we would like to conduct **Career Orientation** in your school among your graduating senior high school students.

In view of the foregoing, may we know if you can give us permission to visit your campus and participate in your Face-to-Face Career Orientation?

With this initiative, we hope the promising youth of your city who aspire to a maritime career will have easier and safer access to MMMA.

At MMMA, we train cadets for life, not just for a job!

May we look forward to hearing from you soon. God bless and do stay safe.

Very truly yours,

Dr. Michael C. Morales
President
