**SUBJECT :** **QUALIFIED APPLICANTS FOR DOST-SEI SCHOLARSHIP (BATCH 7)**

**DATE :** January 31, 2024

The Department of Science and Technology - Science Education Institute (DOST-SEI) provides graduate scholarship programs for Master's and Doctorate degrees in Science and Mathematics education. Two of these are the **Capacity Building Program in Science and Mathematics Education (CBPSME)** and the **Science and Technology Regional Alliance of Universities for Inclusive National Development (STRAND)**.

**CBPSME** is aimed at improving the quality of education and accelerating the development of critical mass of experts in Science and Mathematics Education. On the other hand, **STRAND** is aimed at reaching out and supporting higher education institutions in the provinces that need to be strengthened in terms of developing human resource capabilities in science and technology.

The Programs are currently open for Batch 7 applicants; hence NEAP Scholarship Secretariat evaluated the documents of the applicants who were initially screened by the sponsoring agency based on DepEd Order No. 68, s. 2009 titled *Scholarship and Training Grant/Fellowship Pool*, which states that potential scholars must be in service for at least five years with at least very satisfactory performance for the last two years.

The difference between their date of application, as indicated in the form submitted, and their first day of service as a permanent employee, was used in determining their number of years of service in the Department of Education (DepEd).
