SEARCH FOR INTERNATIONAL FOR OUTSTANDING LIVING VALUES EDUCATOR 2024

Rationale:

The Association for Living Values Education International (ALIVE) proudly announces the International Search for Outstanding Values Educator 2024, an initiative aimed at recognizing and honoring educators who exemplify the highest standards of values-based education. This initiative is driven by our steadfast commitment to fostering values-based learning communities worldwide, a mission that lies at the heart of Living Values Education (LVE).

Living Values Education (LVE) emphasizes the intrinsic worth and integrity of every individual involved in the educational process. It is founded on the belief that education should not merely impart knowledge but also nurture the search for meaning and purpose in life. In alignment with this philosophy, we support teachers, facilitators, parents, and community members who endeavor to embed values at the core of their educational practices, work, and daily lives.

Our mission is in harmony with the principles outlined in the Republic Act (RA) 11476, also known as the "GMRC and Values Education Act," which institutionalizes Good Manners and Right Conduct (GMRC) and Values Education within the K to 12 Curriculum. This legislation mandates the Department of Education (DepEd) to provide appropriate training for teachers and educators on GMRC and Values Education, and to supply adequate and relevant instructional materials to enhance their capacity to teach these subjects, especially for those who are not majoring in Values Education.

The DepEd MATATAG agenda further underscores the necessity of shaping learners' values, attitudes, and beliefs. It highlights the crucial role of values formation in cultivating a culture of peace within the educational system. Considering these imperatives, the International Search for Outstanding Values Educator 2024 seeks to identify and celebrate educators who have made significant contributions to the promotion and integration of values education in their teaching practices.

By acknowledging these exemplary educators, we aim to inspire others to prioritize values education and contribute to the development of compassionate, ethical, and
