

Republic of the Philippines  
**Department of Education**  
REGION VIII - EASTERN VISAYAS

**Advisory No. 90, s. 2024**  
**July 24, 2024**

In compliance with DepEd Order (DO) No. 8, s. 2013  
This advisory is issued not for endorsement per DO 28, s. 2001,  
but only for the information of DepEd officials,  
personnel/staff, as well as the concerned public.

**2024 NATIONAL YOUTH SCIENCE, TECHNOLOGY, AND ENVIRONMENT  
SUMMER CAMP OF THE PHILIPPINE SOCIETY OF  
YOUTH SCIENCE CLUBS (PSYSC)**

Attached is a letter from the PSYSC, dated July 15, 2024, announcing the conduct of the 2024 National Youth Science, Technology, and Environment Summer Camp on August 15 - 18, 2024 at the La Virginia Hotel and Resort, Batangas.

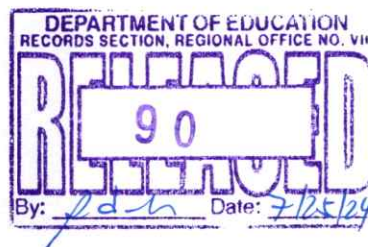

The target participants are high school learners, teachers, science club advisers, and coaches from both public and private schools.

Participation of both public and private schools shall be subject to the *no-disruption-of-classes policy* stipulated in DepEd Order No. 9, s. 2005 titled *Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith*.

See the attached letter for more information.

Considering that this is an Advisory, Schools Division Superintendents are given the discretion to act on this matter.

Dear Ms. Evelyn R. Fetalvero,

*Greetings from the science clubbing movement!*

The Philippine Society of Youth Science Clubs (PSYSC) Inc. is a nationwide organization dedicated to upholding the spirit of science clubbing and committed to promoting the public understanding of science, technology, and the environment (PUSTE).

This year, PSYSC is proud to conduct the annual four-day event **2024 National Youth Science, Technology, and Environment Summer Camp (NYSTESC)** with the theme *"Ravisinthe: Activating Electric Potential Beneath the Sands"*. Focusing on the field of Electronics, NYSTESC 2024 will be held on **August 15 - 18, 2024 at La Virginia Hotel and Resort, Batangas, Philippines**. The event is open to high school students from Grades 7 to 12, teachers, science club advisers, and coaches nationwide.

In line with this, we would like to request your support by issuing a **DepEd memorandum** to further disseminate the event invitation to secondary schools in your region. Attached is the proposal for the memorandum and linked is the [NYSTESC 2024 Event Primer](#).

Should you require additional documents, you may reach us through this email or through the contact details indicated in the proposal; we would be more than happy to fulfill them. Thank you very much and more power!

In service of the Filipino youth,

*Greetings from the science clubbing movement!*

22 JUL 2024

We are kindly following up on the request for a Regional Advisory for the **2024 National Youth Science, Technology, and Environment Summer Camp (NYSTESC)** happening on August 15-18, 2024 in Batangas

hosted by PSYSC. Further details on the event are found in the previous email.

We are hoping for your utmost consideration and support for the event by issuing an advisory as the event, focusing on the field of Electronics, would provide learning opportunities and invaluable experience for high school students and teachers from your region. We are looking forward to your response on this matter.

Thank you very much and more power!

In service of the Filipino youth,

**KAYE FRANCESCA M. CABAUG**

**EVELYN R. FETALVERO**

Regional Director

Dear Evelyn R. Fetalvero,

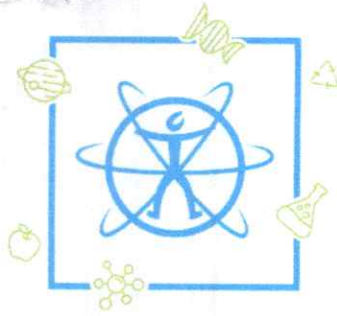

Greetings from the science clubbing movement!

The Philippine Society of Youth Science Clubs (PSYSC) Inc. is a nationwide organization dedicated to upholding the spirit of science clubbing and committed to promoting the public understanding of science, technology, and the environment (PUSTE). For over 52 years, PSYSC has continually conducted impactful activities and programs tailored towards elementary and high school students. Our aim is to empower and spark the interest of the youth towards science and technology and foster a deeper awareness and understanding of environmental and social issues.

This year, PSYSC is proud to conduct the **2024 National Youth Science, Technology, and Environment Summer Camp (NYSTESC)** with the theme "**Ravisinthe: Activating Electric Potential Beneath the Sands**". The event is open to **high school students from Grades 7 to 12, teachers, science club advisers, and coaches nationwide.**

NYSTESC is an annual four-day event comprised of a lecture series by distinguished experts on a selected field in S&T, interactive workshops for hands-on learning, exposure trips, and other fun-filled activities. Focusing on the field of **Electronics**, NYSTESC 2024 will be held on **August 15 - 18, 2024** at **La Virginia Hotel and Resort, Batangas, Philippines**. The event continues to foster camaraderie among participants while strengthening their passion for science, technology, and the environment through contests not limited to the school quiz competition, editorial writing and cartooning, poster making, dance competitions, and Pasalubong Festival.

In line with this, we would like to request your support by issuing a **DepEd memorandum** to further disseminate the event invitation to secondary high schools in your region. We believe that your endorsement will generate an even wider reach for NYSTESC, particularly to the Filipino youth whom we serve. As part of the science clubbing movement, NYSTESC provides an inclusive avenue for developing young minds to contribute meaningfully to society through collaboration and innovation.
