**GENERAL GUIDELINES ON THE ADMINISTRATION OF THE ENHANCED
REGIONAL UNIFIED NUMERACY TEST (ERUNT)**

I. RATIONALE

The Department of Education emphasizes critical thinking and problem solving as twin goals in Mathematics aligned with the implementation of K to 12 Basic Education Curriculum and of the revised K to 10 Matatag Curriculum.

Specifically, Mathematics under the Matatag Curriculum aims to develop proficiency in solving mathematical problems, strengthen conceptual knowledge and acquiring foundational skills.

Numeracy foundational skills are pre-requisite towards learning all mathematical competencies across grade levels. It is where our learners apply their knowledge required to understand higher concepts encountered in daily life.

As an initiative of the DepEd Regional Office through the Curriculum Learning and Management Division Office, the numeracy test will be administered to the learners starting August 30, 2023 for Grades 1 to 3 as basis in the implementation of the eight-week curriculum to determine the numeracy levels of the learners in the four mathematical fundamental operations.

II. DESCRIPTION

The Enhanced Regional Unified Numeracy Test is intended for all Grades 1 to Grade 11 learners in all public and private schools in DepEd Region VIII. It shall measure the learners' competencies on the four fundamental operations in Mathematics (Addition, Subtraction, Multiplication and Division) and Understanding numbers and problem-solving as well.

III. NUMERACY TEST SCHEDULE

- **Pretest/1st Quarter: Grades 1 to 3: August 30, 2023 (SY 2023-2024)**
Grades 4 to 12: Every 5th / 6th week of the quarter
- **Second Quarter: Every 5th week of the quarter**
- **Third Quarter: Every 5th week of the quarter**
- **Posttest/4th Quarter: Every 5th week of the quarter**

IV. ADMINISTRATION OF THE UNIFIED NUMERACY TEST - Roles of Persons Responsible

Division Mathematics Supervisor:

1. Conduct orientation to School Heads or Mathematics Coordinators in the district.
2. Gather the numeracy results per quarter.
3. Monitor the administration of the numeracy test per quarter.

School Head/Mathematics Coordinator

4. Conduct an orientation prior to the actual administration of the numeracy test.
5. Safeguard and keep confidentiality of the test.
6. Administer the numeracy test to all learners every quarter.
7. Observe guidelines in the test administration.

Mathematics Teacher

1. Contextualize the problems to Mother tongue in Key Stage 1 whenever necessary.
2. Check, record, and interpret the result of the numeracy test as indicated in the template.
3. Submits the results to the School Head.

How the test is administered and to whom:

It must be administered to all Grades 1 to 3 (Key Stage 1), Grades 4 to 6 (Key Stage 2), Grades 7 to 10 (Key Stage 3), and Grades 11 (Key Stage 4).

The test must be conducted in one class period in all year level. However, in Key Stage 1, particularly in Grade 1, it must be a **teacher-assisted test**.

Learners are not allowed to use cellphones, calculators, or any gadgets.

In emergency cases/Further studies:

In case of emergency, this shall be given as one amongst the Learners' Activity Sheet (LAS) facilitated by any family member.

At the end of the school year, the teacher shall turn over the results of the numeracy test to the School Head for interpretation and further analysis, (e.g., SLAC, Action Research, and School Banner Project).

The results shall be reflected in the quarterly Division initiated Data Gathering Tool or any existing data gathering mechanism which shall provide inputs for the school-Based Management (SBM) level of practice of the school. These results shall further be used as basis for validation and intervention.

Additional guidelines for the next School Year administration of the numeracy test.
