EVELYN R. FETALVERO, PhD, CESO IV
Regional Director
Department of Education - Eastern Visayas

Dear Dr. Fetalvero,

Greetings!

The Joint Programme on Accelerating the Reduction of Adolescent Pregnancy (JPAP) successfully handed over the Adolescent Friendly Mobile Health Facility (TrucKabataan) to the Province of Southern Leyte on May 16, 2024. This facility is designed to cater specifically to the unique needs and concerns of adolescents, offering a range of services related to sexual and reproductive health, mental health, nutrition, and general healthcare. The main purpose of the TrucKabataan is to ensure that adolescents have access to high-quality and youth-friendly healthcare services that address their unique needs and empower them to lead healthy and fulfilling lives.

In light of this, we would like to formally invite you to the **Official Launch of the Adolescent Health Medical Mission (AHMM)** utilizing the TrucKabataan on **October 14, 2024 in Sitio Cabernal, Brgy. Kahupian, Sogod, Southern Leyte.** program of activities to follow.

For confirmation of your attendance and/or for any related concerns, please contact **Ms. Windinita Lumen** through email at windinitalumen@gmail.com or mobile number **09178862384**.

In addition to DepEd Regional Office's participation in the launch, we would also like to request support from your good office in ensuring the participation of schools and adolescent learners in areas targeted to benefit from the conduct of AHMMs in Southern Leyte. We hope to explore with you the possibility of issuance of a regional memo for this purpose.

We look forward to your participation and hope to collaborate with you in this endeavor to ensure the health and well-being of every Filipino youth. Together, we can make a lasting impact on adolescent health and support their journey towards a healthier future.

Thank you for your continued support of JPAP!

Sincerely,

DR. FELICIANO JOHN M. MATIBAG, JR.
