Dear Director Fetalvero,

Greetings of good health!

As the resumption of School-Based Immunization (SBI) Activities officially kicked off last October 7, 2024, there have been challenges encountered in the over-all implementation of the said program, as evidenced by slow uptake of the SBI vaccines. These are also evident in some provinces which have not yet started the vaccination activities at Week 2 of this month.

In view of this, may we request for a **weekly Monday virtual meeting, every 3pm**, to address concerns and develop a more responsive strategies to improve coverage of the SBI campaign. Said meetings shall be attended as well by the **School Division Office Heads and representatives from your Regional Office**. Attached is the regional accomplishments on SBI for the past 2 weeks, for your perusal and dissemination.

For further queries, please feel free to contact Ms. Charadee Claridad, NIP Regional Coordinator, thru 09176320515 or charadee.claridad@ro8.doh.gov.ph.

Thank you very much for the continued support to our health programs.

Very truly yours,
