**RE: PARTICIPATION IN THE 5<sup>th</sup> PHILIPPINE MINECRAFT EDUCATION COMPETITION**

---

Good day!

The 5<sup>th</sup> Philippine Minecraft Competition is an annual Minecraft World-Building Challenge where learners create virtual worlds that answers and solve real-world challenges. This is a great opportunity for learners to enhance their problem-solving skills, use ICT including the skill of programming a computer as well as to show their creative thinking.

This year's challenge focused on issues that are aligned with the United Nation's (UN) Sustainable Development Goals.

Students from **Cirilo Roy Montejo National High School of Tacloban City** were able to submit a lone entry for Eastern Visayas and qualified for the Final Stage of the competition. This will be done face-to-face on **December 7, 2024** at the **Meriam College, Henry Sy, Sr. Innovation Center, Katipunan Avenue, Quezon City**.

These students are Aguilar, Kenn Ryan L; Elardo, Kyle Aion, F. and Villanueva, Derlan E. They are advised/coach by yours truly as they are my students in the add-on subject Introduction to Computer Programming for this school year.

In these regard, we would like to request an advisory from your office to facilitate our participation in the said event.

More power to you and your office. Thank you and good day

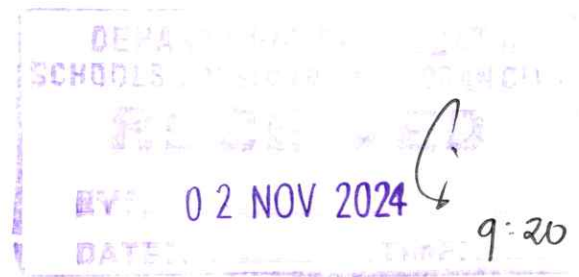

Yours in service,

**FEIGI LOUIE D. PEDRERA**
